

Online editions of *The Works of John Donne* edited by Henry Alford

compiled by Philip Denniff

The collected sermons of John Donne were edited by Henry Alford in six volumes and published by JW Parker of London in 1839. Henry Alford wrote a four page editorial preface to accompany volume 1.

The full title of the collection is:-

The Works of John Donne, Dean of St. Pauls, 1621-1631 with a memoir of his life edited by Henry Alford

All six volumes are available from Amazon in print form, while volumes 1, 2, 3 and 6 are available as eBooks in various formats.

The British Library has three entries for the works, all as books, but it does not mention volumes, so it is unclear if this is three separate volumes or collections of all six.

While looking for the Works of John Donne I came across the life story of Henry Alford compiled by his wife after his death:

Life, Journals and Letters of Henry Alford, D.D.: Late Dean of Canterbury edited by His Widow (Fanny Alford), Published by Livingtons, 1873, 606 pages
